

27th, May, 2016

Dear Sponser,

I wish to thank you very much for all the help you have given me in order to get a good education. With your help and generosity I was able to complete std 10th from Open School. I have also completed a Computer Course in office management, and another course in Animation. I am about to complete a course in Video editing. I have given exams in three papers for Class 12th. The remaining three papers I will give in March 2017.

All this has been possible because of your support. I assure you that I will do well in my exams. Thank you once again for helping me to stand on my own feet.

With your blessing's I hope to get a good job in the future.

Yours Sincerely
(Gulshan Nayak)
